

Nithya T N

Thuraganuru, Mysore district
7204965130 | nithyatn28@gmail.com

Objective

As a fresher with a strong academic background in Computer Science and Engineering, I am eager to apply my knowledge and technical skills to contribute to innovative projects and impactful solutions. With a commitment to continuous learning and professional growth, I am seeking an entry-level position that offers mentorship and opportunities for development.

Education

- Cauvery Institute of Technology, Mandya** 2022-2026
Bachelor of Engineering(computer science)
8.65
- Govt PU college,Bannuru** 2020-2022
Pre-University Course
88
- Vivekananda High School** 2019-2020
SSLC
86

Skills

- Java
- Python
- MERN Full Stack

Projects

- An IoT Based Intravenous Drip Rate Controlling and Monitoring Device**
Designed a smart IV drip system that monitors drip rate and fluid level in real time using sensors and IoT connectivity.
Implemented automated control to maintain accurate flow rate and reduce manual intervention.
Built a cloud dashboard for remote monitoring and instant alerts to medical staff.
- Face-Focused Deepfake Detection System Using Vision Transformers and LSTM Networks**
Developed a real-time deepfake video detection system using a CNN-based machine learning framework.
Extracted facial features from video frames to identify manipulated or forged content.
Implemented fast, low-latency processing for real-time authentication accuracy.

Internship

- Agasthya Edtech Private Limited (ABC training technology and upskilling)**
Developed responsive web application features using HTML, CSS and JavaScript.
Implemented form validation and improved user interface components.

Certificate

- workshop on Data Science with Artificial intelligence and Machine Learning
